Learning by doing

Our teaching and learning strategies are enriched with real-life experiences, in which the students gain practical skills while studying:

a. Experience-based:

Simulations, role-playing, problem - solving, and discussion of real cases.

b. Applied projects:

Leading students to solve challenges in real business situations, strengthening academic and professional competencies.

c. Development of soft skills:

- Leadership and teamwork
- Innovative problem solving
- Entrepreneurial mindset
- Systemic and global thinking

d. Labs:

The Laboratory of Applied Economics (Laboratorio de Economía Aplicada- LEA) supports teaching, consulting, and applied research, articulating synergies with other University's facilities, also hosting seminars, workshops, and continued education programs.

The Accounting and Finance Lab (Laboratorio de Contabilidad y Finanzas- LCF) links theory to international practice, using resources such as Bloomberg and other simulators to process real-time and historical data.

The Marketing and Logistics Lab (La Mercadería) is a unique retail, marketing, and logistics lab for research, consulting, and experimental learning activities. Equipped with eye-tracking, segmentation, and inventory control technologies, the lab is used for classes, market research, and executive education.

Exchange pathways

Our exchange programs allow international students to complete one or two semesters of study in Colombia while earning credits for the degree at their home institution.

We have designed three pathways to help our international students to make the most of their stay in Cali:

a. Doing Business in Latin America:

This program enables students to know, understand and experience the distinctive characteristics of business in Latin America and how to create competitive advantages through experimental learning.

Students have access to a 12-credit package of courses including: International strategy, consultorio empresarial*, Intercultural management and negotiation techniques.

*Course offered in Spanish

b. Innovative business models:

This program is based on the three pillars: creativity, innovation and entrepreneurial thinking, allowing the students to develop and strengthen their innovative and leadership skills.

Students have access to a 12-credit package of courses including: Negocios digitales and Proyectos de innovación colaborativa, both offered in Spanish.

c. Tourism and gastronomy:

Students develop skills related to various areas of tourism and gastronomy.

They have access to a 12-credit package of courses, offered in Spanish, including: Panadería y pastelería, Barismo y bebidas, Vinos y licores, Marketing turístico y gastronómico and Gestion de la restauración.

A wide range of courses to explore

We understand that everyone's experience is different. Our aim is to support every student to achieve their goals. Besides the options within our exchange pathways, students can choose from our wide range of courses offered in Spanish and English.

Student Support

All students have access to a extensive range of student support services, including programs and staff dedicated to assisting international students.

Academic enrichment and learning support:

- **Small groups of students:** who share common needs, encouraging students to reflect on specific difficulties and concerns in their learning journey and adjust their study practices accordingly.
- **Individual attention:** Allows students to articulate their need for support and personalized guidance for the development of an action.

• **Psychopedagogical Counseling:** This service is designed to offer individualized consultations to students, addressing difficulties and concerns in academic life.

Health and wellbeing: If students need a doctor there are health and medical services located on our Campus and hospitals nearby. If they need someone to talk to about personal issues, we offer free, confidential counselling sessions and other wellbeing options.

How to apply

The application to the Exchange program application is organized in three simple steps:

1. If the student comes from a partner university, he/she must be nominated by the home university and meet their exchange program requirements to be eligible for the program.

2. Check the academic options at Javeriana Cali and match them with the requirements at the home university.

3. Required documentation:

- Nomination letter (Home University)
- Recommendation letter
- Motivation Letter

- Application Form
- Transcripts of records
- Learning Agreement
- Passport Copy
- Intermediate level of Spanish B1 (Home university or international test must certify Spanish proficiency).
- Medical insurance: International students must have a health insurance prior to their arrival at Javeriana Cali. It must be valid throughout the student's whole stay in Colombia and must cover repatriation costs and include personal liability insurance.

Please note that non-Spanish speakers must take Spanish as Foreign Language as an academic course during the semester

We work very close with our International Affairs Office (Oficina de Relaciones Internacionales) and all the applications to our school will be processed through them. **If you have any questions about this process, you can reach us at fceinternacional@javerianacali.edu.co or at incoming@javerianacali.edu.co.**
